3. Triple-legged guyline set with tension rings
4. Poly ground stakes
5. Pre-measured boundary with corner anchors
6. Boundary cord winder
7. Equipment bag

Spiker Sport Includes

1. 3 pc. steel poles (8' fixed height)
2. 3' x 32' Momentum net with slip-on straps
3. 3/16" guyline set with tension rings
4. Poly ground stakes
5. Pre-measured boundary with corner anchors
6. Equipment bag
7. Ball and hand pump

Assembly

Step 1 Net and Poles

Assemble and/or adjust poles (1) to desired height. Lay out the Momentum net (2) exposing the four side straps on each end of the net. Slip the top of the pole through the side net straps on either side. Slip the top net strap into the metal clip on the pole to secure the net.

Step 2 Tension Rings

Assemble the tension ring on the guylines (3). Hold the metal ring with your left hand. With your right hand, push the small clip through and around the ring twice. Grasp the second rope loop that you just formed and pull it until the loop is about 12" from the tension ring.

Step 3 Guylines

Attach the S-hook to the top of the outside pole, to the eyebolt/clip. Holding the pole upright, extend the guylines out to 45 degrees both directions (approximately 8-10 feet apart) and anchor with ground stakes.

* Center guyline is for use with Player Sport only.

Step 4 Net Tensioning

Lean the base of the pole towards the inside center of the court approximately 18". Pull up on the guyline tension ring until the guyline is tight. Return the pole to upright. This procedure provides maximum net tension.

Step 5 Boundary Setup

Unwind the boundary cord onto the playing area. The boundary is pre-measured with the center pole markers and four corner anchors. The standard and current volleyball court dimensions are 30' x 60'.

Tips

POLE MAINTENANCE - After each use, separate pole sections and remove all dirt, sand and debris to prevent the poles from jamming during future uses.

BASIC VOLLEYBALL RULES

Scoring:

Games are usually played to 11 or 15 points and should be determined before play begins. Court switches or exchanging courts occur at specified times during the game. In a 15-point game, courts are exchanged each time the total number of scored points is a multiple of 5. In an 11-point game, teams exchange playing courts each time the total number of scored points is a multiple of 4.

Rally Point Scoring: In rally point scoring, either the serving or receiving side scores a point whenever a team fails to serve properly, return the ball, or commits any other fault.

Ball Play:

- **Ball in:** The ball is "in" when, after being put in play, its first contact with the ground is on the playing court or a boundary line.
- **Ball out:** The ball is out when after being put in play, its first contact with the ground is completely outside the playing court.
 - It touches an object outside the court, an overhead object or a person out of play.
 - It touches the antennas, ropes, posts or the net outside the antenna.

Team Contacts:

- Each team is entitled to a maximum of three contacts to return the ball to the opponents.
- A player may not contact the ball consecutively, except during or after a block or at a team's first contact.

Contact Characteristics:

- A player may touch the ball with any part of the body.
- The ball must be contacted cleanly and not held, lifted, pushed, caught, carried or thrown.
- The ball cannot roll or come to rest on any part of a player's body.
- An exception is allowed during the defensive play of a hard driven ball. At this time, the ball may be momentarily lifted or pushed.

Attack Hit:

- All actions directing the ball toward the opponent's playing area, except the acts of serving and blocking, are attack hits.
- You cannot contact the ball within the playing space of the opponents.

Block:

- Blocking is an action that deflects the ball coming from the opponent by a player and/or players at the net.
- For doubles and triples, blocking does constitute as a contact and any player may make contact of the ball after the block.
- For four-person and six-person play, blocking does not constitute a team contact. Any player may make the first contact of the ball after the block.

Simultaneous Contact:

- When two blocking teammates touch the ball simultaneously, it is considered one contact and any player may make next contact.

Faults:

- **Assisted Hit:** A player takes support from a teammate or any object in order to reach the ball.
- **Double Contact:** A player contacts the ball twice in succession or the ball contacts various parts of the player's body successively.
- **Held Ball:** A player does not cleanly contact the ball.
- **Player/Net:** It is a fault for the player or their clothing to touch any part of the net.
- **Reaching beyond the net while blocking.** A player may touch the ball beyond the net provided the player does not interfere with the opponent's play before or during the attack-hit.
- Player may cross the center line, either before, during or after legal play of the ball, provided this does not interfere with the opponent's play.
- While opposing players are not required to avoid the ball or the player, they cannot intentionally interfere with any legal attempt to play the ball on their court.
